

When Time Becomes an Act of Faith: Halchimy X Espoir Santé Afrique (ESA)

At Halchimy, we believe that time is not measured in seconds, but in impact. Every moment is an opportunity to make a difference: to extend a helping hand, transform a life, and build a future filled with promise.

Today, we are incredibly proud to share our commitment alongside *Espoir Santé Afrique* (ESA), a remarkable organization led by Dr. Guy Weladji, a passionate cardiologist with a vision that is simple yet powerful: healthcare should not be a luxury, but a right accessible to all.

Since 2018, ESA has been working on the ground, where urgent action is vital, providing care, expertise, and, most importantly, a glimmer of hope to those who need it most across Africa.

Why this partnership?

Because at Halchimy, we dream of a world where watchmaking has a soul, where time becomes a tool for solidarity.

Every watch we create embodies this belief: that each second can carry a message of humanity and shared progress.

ESA is more than just a partner for us—it is a source of inspiration. Their mission to make healthcare accessible to all resonates deeply with our ambition to transform every moment into a catalyst for change.

Together, here's what we will achieve:

- Make the heart of solidarity beat stronger through impactful fundraising and donation campaigns.
- Build sustainable projects whose effects will be felt for generations.
- Mobilize our community of *Halchimystes*—modern alchemists united by their desire to act for causes that go beyond profit.
- Organize an exceptional charity evening in 2025, a landmark event celebrating generosity, featuring an auction and a solidarity-driven journey to Africa.
- Create stories of hope, demonstrating that even the smallest gesture can illuminate a life.

An Alliance Between Time and Humanity

With ESA, every second becomes precious. Every action, every commitment lays another stone on the bridge connecting those who can give with those who are waiting for hope.

Join Us!

Be part of this incredible journey. Share this message. Support this mission. Together, we can prove that a better future is possible—one where healthcare is no longer a luxury but a right, and where every moment helps build a fairer world.
